E-mail: cbrsoutheast@iol24.com

*Dear Partners and Friends,*

We've got some great stories to tell. And more on the way. Since our last reported GAP, we've gone to 10+ major universities, delivered a 3-week pro-life commencement address at Notre Dame they won't soon forget, helped stop a Planned Parenthood expansion, launched our Corporate Accountability Project, and trained 90+ pro-life student leaders how to be effective on campus. Not bad.

*Fletcher, Jane, John, and Kate*

Lots More Campus GAP  
Corporate Accountability Project*

**ProLifeOnCampus.com**

*In August (last month), CBR helped stop Planned Parenthood (PP) from expanding and relocating their abortion business in Knoxville, Tennessee. Key to our victory was the certain knowledge that CBR is able to organize a large number of pro-lifers who will expose any person or corporation who leases space or otherwise enables PP's deadly business. To reinforce this message, we launched our Corporate Accountability Project and held a press conference and photo op at the World's Fair Park. (Thanks to the Knoxville Museum of Art for providing the backdrop for this photograph!) We also stepped up our Reproductive "Choice" Campaign and even flew an aerial tow banner over the city, not only to educate the public about abortion, but also to demonstrate that we can and will hold accountable anyone who collaborates with the abortion industry. Please equip us for the victories ahead. Your gift of \$65 will buy two of the smaller signs you see; \$275 will buy a big sign.*

*This photograph is a warning to anyone who would collaborate with the abortion industry: "Our presence on the sidewalks, on the streets, and in the air above your business will not be good for your business." Our ability to deliver this message was a key factor in stopping Planned Parenthood from relocating and expanding one of their abortion centers in Tennessee. It worked here, it can work in your community. When you stand with us, we win big. Please give \$30, \$50, or \$100 each month.*

## CBR Delivers Pro-Life Commencement Address at Notre Dame

You know that Notre Dame University invited pro-abortion President Barack Obama to deliver the 2009 commencement address and receive an honorary degree. Obama's intention was to use Notre Dame's support as cover to pass major pro-abortion legislation, including ObamaCare.

We have seen the disastrous results of pro-lifers going silent, as they did in Pennsylvania when pro-life Rick Santorum lost a US Senate seat to Bob Casey, a functional pro-abort.

Thanks to your support of CBR, it hasn't worked out so well for Pres. Obama's plans. *Starting at Notre Dame, you have helped create a ground-swell of pro-life opposition to Obama's plans to take over the health care industry and force you to pay for abortions.* For 3 weeks, CBR's trucks and planes placed abortion squarely on the agenda. Even Pres. Obama was forced to talk about abortion at Notre Dame, a topic he desperately wanted to avoid.

By the way, don't think Pres. Obama and Planned Parenthood intend for you to pay for abortions at current prices. They will force you to pay *exorbitant* prices, thereby enriching the abortion industry even more. *After all, somebody has to pay for their lobbying and political donations to pro-abortion candidates. And who better than you, the American taxpayer? What's it worth to stop them?*

*A CBR truck passes hundreds of pro-lifers (many with CBR signs) at Notre Dame. Among those holding a CBR sign was Mr. James Pouillon of Owosso, Michigan. You may recall that Mr. Pouillon was gunned down this month for displaying a similar sign. Our condolences to his family and friends.*

## Would you join our Monthly Team?

The abortion industry and their allies in Congress and the White House have plenty of money to push their agenda. Unless you want to underwrite abortion for decades to come, now is the time to fight back. *Your gifts win hearts, change minds, and save lives.* Would you be willing to support CBR monthly, as faithfully as you support your local cable TV provider? *Isn't it worth that much? Would you join our team?*

- Automatic monthly partners – 54 (goal=200)
- Other monthly partners – 62 (goal=100)
- Other regular partners – 46 (goal=100)
- TOTAL REGULAR PARTNERS – 162 (up 19)

*Please support our work on a monthly basis. Remember, another baby's life is at stake.* Thank you!
